

Learning at Home

Booklet 3

Term 3, Week 7

(23rd August – 27th August)

Year 4

Name: _____

Class: _____

Stage Two Online Resources

Mangahigh

<https://www.mangahigh.com>

Teachers have assigned work for students and once this is completed they can free play at their own level. A great, fun resource to practice key concepts.

Literacy Pro

<https://slz04.scholasticlearningzone.com/resources/dp-int/dist/#/login3/student/AUSXD8C>

All students have an online account set up for Literacy Pro. Teachers have assigned work for students to complete. They can read books of their choice and complete the quiz.

Scholastic Learn at Home

<https://classroommagazines.scholastic.com/support/learnathome.html>

Scholastic have put together packages which include books and videos designed to build knowledge of a subject.

Go Noodle: At Home

<https://family.gonoodle.com/>

Copy the routines from the clip for physical activity inside.

National Geographic: For Kids

<https://www.natgeokids.com/au/category/kids-club/>

Navigate your way around this website to find information.

Read Theory

<https://readtheory.org/auth/login>

Login to complete your reading and comprehension tasks

ABC Education

<https://education.abc.net.au/home#!/resources/-/all/all/all>

Select appropriate year level at the top and choose your area of learning.

Kids News

<https://www.kidsnews.com.au>

Great site for kid's news articles and learning about different animals and events.

Typing Club

<https://www.typingclub.com>

Practice your typing by completing activities.

Year 4 Timetable

Monday	Tuesday	Wednesday	Thursday	Friday
<p>Task 1: Spelling Write your spelling words out once. Complete one of your spelling activity sheets</p>	<p>Task 1: Spelling Write your spelling words out once. Complete one of your spelling activity sheets</p>	<p>Task 1: Spelling Write your spelling words out once. Write sentences for each of your spelling words Make sure they make sense.</p>	<p>Task 1: Spelling Write your spelling words out once. Write your words in alphabetical order, rainbow words and block letters</p>	<p>Task 1: Spelling Ask your parent/carer to give you your spelling test.</p>
<p>Task 2: Reading Read Insects make the best pets. Highlight any interesting or unknown words. Complete the questions</p>	<p>Task 2: Reading Read a book from home or from Literacy Pro. You can complete quizzes on Literacy Pro. Discuss the book with a family member.</p>	<p>Task 2: Reading Read a book from home or from Literacy Pro. You can complete quizzes on Literacy Pro. Discuss the book with a family member.</p>	<p>Task 2: Reading Read a book from home or from Literacy Pro. You can complete quizzes on Literacy Pro. Discuss the book with a family member.</p>	<p>Task 2: Grammar Read a book from home or from Literacy Pro. You can complete quizzes on Literacy Pro. Discuss the book with a family member.</p>
<p>Task 3: Writing: Read the information about information reports. Choose a reptile. Research it and fill in the proforma.</p>	<p>Task 3: Writing Use the information you collected in your proforma to write and information report on your chosen reptile.</p>	<p>Task 3: Writing Finish writing your information report on your chosen reptile.</p>	<p>Task 3: Writing Publish your information report- you might like to publish it on a computer or make a poster or slide show.</p>	<p>Task 3: Writing Draw a picture of your reptile. Monday: Spelling

List Three

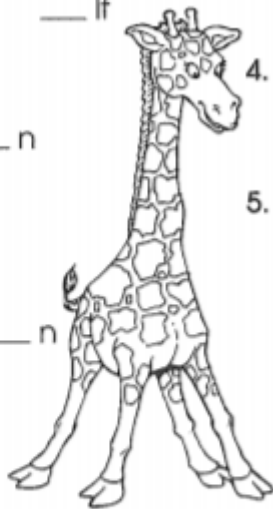

Spelling

Look at the words.
Say each word.
Some of the words are plural.
Circle them.
The other words end
with or .
Underline the endings.

1. Fill in the missing vowels to complete the list words.

h _ _ lf l _ _ f _ _
f _ _ _ t w _ _ lf
sc _ _ rf _ _ lf
t _ _ _ th
w _ _ m _ _ n
w _ _ f _ _
l _ _ _ f
ch _ _ ldr _ _ n
c _ _ lf

2. Find a list word that rhymes with these.

beef _____
street _____
shelf _____

3. Write three list words that rhyme.

4. Write two list words that rhyme.

5. Three list words have been jumbled.
Can you unjumble them?

l f f e t e e h t w e o f

1. Write the **list three** words using - look, say, cover, write, check.
2. Write the list three words in alphabetical order.
3. Sort the list three words according to the number of letters.
4. Write 'My List' words using - look, say, cover, write, check.
5. Use a dictionary to write a definition for each 'My List' word.

Monday: Reading - Passage

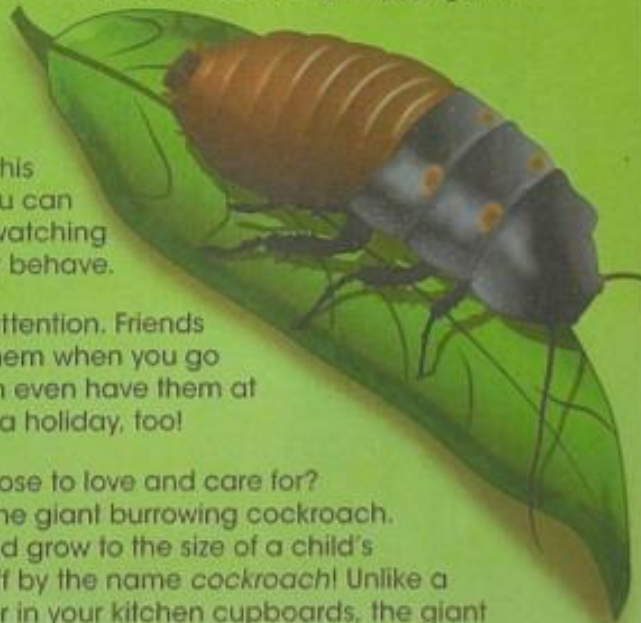

Read the passage and answer the questions on the following page. Highlight any tricky words. Use this passage for reading activities if you don't have any books you can use.

Pink 3

Insects make the best pets

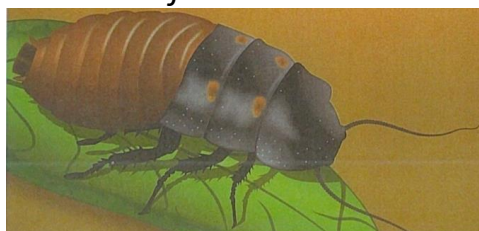

1. The best choice of pet is an insect. Insects give lots of pleasure but cost less effort, time and money than pets like cats and dogs.
2. Keeping insects as pets teaches you how to care for animals. You must treat them very gently and keep their homes just right. Insects are fragile creatures that can be hurt easily. When this happens, it's time to say 'Goodbye' because a vet cannot help an injured or sick insect.
3. When you have set up your insect pets' habitat, they do not cost any more money. Everything they need to make them feel at home can be found in your garden.
4. A good thing about having insects as pets is that they are easy to look after. You must check their habitat each day, but this only takes a few minutes. You can spend the rest of your time watching them and learning how they behave.
5. Insects do not need lots of attention. Friends will be happy to look after them when you go away for a holiday. They can even have them at their house so your pets get a holiday, too!
6. Which insect would you choose to love and care for? One of the most popular is the giant burrowing cockroach. It can live up to ten years and grow to the size of a child's hand. Please don't be put off by the name *cockroach*! Unlike a cockroach you may discover in your kitchen cupboards, the giant burrowing cockroach is clean and does not carry disease.
7. They may not be cute like cats or dogs, but you will love your charming giant burrowing cockroaches just the same.

Comprehension Questions

1. In Paragraph 2, the word *fragile* means:
 - a) *Easily damaged*
 - b) *Sweet-smelling*
 - c) *Bad-tempered*
2. Giant burrowing cockroaches are different from the kitchen cupboard cockroaches because they:
 - a) *Are charming*
 - b) *Do not carry disease*
 - c) *Do not need a lot of attention*
3. It is a fact, not an opinion, that the giant burrowing cockroach:
 - a) *Is not as cute as a cat or a dog*
 - b) *Can live up to ten years*
 - c) *Likes going on holiday*
4. In Paragraph 7, the word *they* means:
 - a) *Giant burrowing cockroaches*
 - b) *Cockroaches you find in your kitchen cupboards*
 - c) *Cats and dogs*
5. You can tell from the text that the writer pet insects.
 - a) *Doesn't care about*
 - b) *Likes*
 - c) *Dislikes*
6. If pet insects get sick or injured, you will need:
 - a) *Feed them more*
 - b) *Take them to vet*
 - c) *Say 'goodbye' to them*
7. The main idea of Paragraph 6 is that the giant burrowing cockroach should not be:
 - a) *Confused with the kitchen cupboard cockroach*
 - b) *Allowed in kitchen cupboards*
 - c) *Introduced to kitchen cupboard cockroaches*
8. The text tells us that for some people, insects would be:
 - a) *Too revolting to have as pets*
 - b) *Just the right sort of pets to have*
 - c) *Too much effort to look after*

Monday: Writing – Information Reports

Read the information about information reports. Research a reptile- fill in the proforma.

Information Reports

What are information reports and why do we write them?

Information reports are written to classify and describe factual information about a certain topic or theme. We can write information reports on animals, cities, history, sport, people, companies and many more topics.

What structure is needed in an information report?

An information report includes:

- An opening general statement or general classification, which classifies the topic and/or theme and includes further technical information about the subject of the report.
- Descriptive information about various aspects of the topic or theme, which is organised into paragraphs, with or without subheadings and sections.

What are the main language features?

- **Language of generalisation**, for example: A dinosaur is....
- **Language of description**, for example: The Great Barrier Reef has **beautiful, colourful** coral formations.
- **Language of comparison/contrast**, for example: Trams **are similar to** trains.

What other features need to be included?

Text Cohesion

For a text to 'flow' there needs to be links and relationships established within the text. This is done through linking back to something that has already been mentioned, like events or people. The cohesive features that are used are mainly pronouns and synonyms, for example: Dinosaurs are.... These animals are.... These large animals.... They....

Subject/Verb Agreement

For example: The dinosaur **has** a tail. Dinosaurs **have** a tail.

Technical Language

This language included words and vocabulary that is specific to the particular topic or theme that is being written. When writing about dinosaurs, the technical language would be subject to this particular topic, for example: ancient, Jurassic, carnivores.

Timeless Present Tense

For example: Fish **come up** to the surface of the water to breathe.

What skills are needed and developed when writing information reports?

Researching, surveying, taking notes, summarising and interviewing.

Monday: Writing - Research a reptile and complete the information report for your chosen subject- fill in the proforma.

Diet	Description
Habitat	Interesting Information

Monday: Maths – Data: Tallies

Answer the following questions.

Data – tallies

The tally method is where we count in 5s. We put a stroke for each number and the fifth one is a line that goes diagonally through.

1 Find the total of each tally amount:

a

b

c

d

2 Molly is keeping a training diary where she records the laps she runs around the oval near her house. Redo this data using the tally method.

Molly's training	
Monday	
Wednesday	
Friday	

Molly's training	
Monday	
Wednesday	
Friday	

3 A movie theatre collected data on the number of kids and adults that attended a recent movie screening. A kid's ticket is all ages up to 15 and an adult's ticket is 16 and above.

Ages of ticket buyers										
40	12	19	42	36	25	9	12	12	40	14
8	21	30	10	14	28	30	15	7	27	10
9	25	5	32	15	8	16	19	36	12	18

a Count how many kids' tickets and how many adults' tickets were sold using the tally method in this table:

Type of ticket	Amount sold
Kids	
Adults	

b Why do you think they conducted this survey?

Minute 61

Name: Date:

1. 865
 $- 375$
.....

2. $32 \div 8 =$

3. 73
 32
 $+ 21$
.....

4. There are angles and sides on the shape.

5. $5 \overline{)21} r$

6. 23
 $\times 2$
.....

Use $<$, $>$ or $=$ to complete Questions 7 and 8.

7. 4206 5206

8. 3929 3729

For Questions 9 and 10, circle the figure that is congruent to the shaded figure.

My score:

10

My time:

..... minutes

..... seconds

Minute 61

Name: Date:

1. $3 \overline{)351}$

2. Circle the best estimate for the angle.

30° 90° 120°

3. Daniela wants to buy a basketball for \$15.00 and a new pair of sneakers for \$75.50.

How much money does she need altogether to buy the items? \$.....

4. Ryan has 25 marbles. He gives away 8 marbles.

How many marbles does he have left? marbles

For Questions 5 to 7, circle the best answer for each.

5. An grasshopper is about long.

3 mm 3 cm 3 m

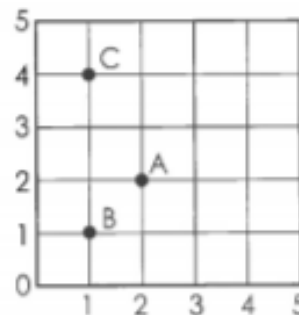

6. Tyler rode his bicycle in 30 minutes.

10 cm 10 m 10 km

7. The height of a telephone pole is about

8 cm 8 m 8 km

8. Which point is at coordinate (2, 2)?

For Questions 9 and 10, write how many hours have passed.

9. 7.15 am to 4.15 pm = hours

10. 5.30 pm to 3.30 am = hours

My score:

10

My time:

minutes

seconds

Tuesday: Spelling

Complete the following activities using your spelling words.

List Three

Spelling

Making Words Plural

Some words change their spelling to form plurals.

6. These list words are plural. Make them singular.

children _____ women _____

teeth _____ feet _____

Some words ending with 'f' or 'fe' change to 'v' before adding 'es'. For example, leaf - leaves.

Two words that don't follow the rule are reef and safe.

7. Make these list words plural.

wolf _____ elf _____

life _____ calf _____

scarf _____ wife _____

8. Choose the plural or singular form of the list words to complete the sentences.

(a) The young _____ lost his first _____ today.

(b) Many trees lose their _____ in autumn.

(c) A fox is similar to a _____.

9. A young lion is called a cub.
Do you know the young of these?

 adult _____

cow _____

woman _____

Word Footprint

1. Trace your foot on a sheet of paper with a marking pen.
2. Put a piece of paper over the top.
3. Write both lists of words around the outline to make a word footprint.

My List

Tuesday: Information Report

Use the information you collected in your proforma to write and information report on your chosen reptile.

Introduction

Fact 1

Fact 2

Fact 3

Fact 4

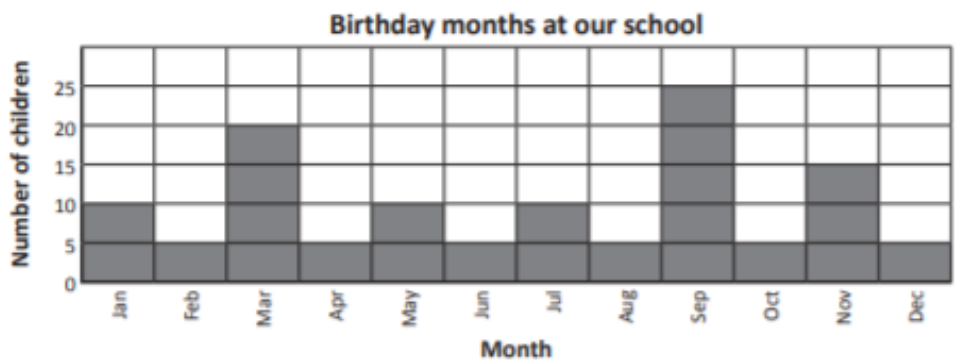

Conclusion (can be an interesting fact)

Tuesday: Maths – Data: Column graphs
 Answer the following questions using column graphs.

Data – column graphs

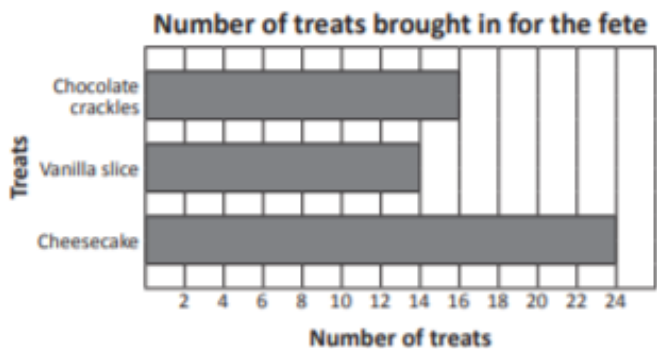

Column graphs are a clear way of showing and comparing data. There is a horizontal line that has the different categories and a vertical line that has the numbers, also known as the scale. There should always be a heading at the top so it is easy to see what the data is about.

1 Answer the questions about the data in the column graph. The scale goes up in 5s.

- a How many birthdays are there in the first 3 months of the year?
- b How many kids are born in May, June or July?
- c September has 10 more birthdays than which month?

2 Sometimes column graphs go vertically. This time the horizontal line has the scale and the vertical line has the different categories. This graph shows how many of each sweet treat was brought in for the school fete.

Notice how the scale goes up in 2s.

Write something that this graph shows you:

Minute 62

Name: Date:

- Write the fraction of the shaded area.
- The expanded form of 3024 is + 20 +

3.
$$\begin{array}{r} 32 \\ \times 2 \\ \hline \end{array}$$

- 1000 grams = 1 kilogram
5000 grams = kilograms

5.
$$\begin{array}{r} \square \\ 4 \overline{)36} \end{array}$$

- Write the missing numbers in the pattern.
6, 12, 30, 36

7.
$$\begin{array}{r} 38 \\ 32 \\ + 21 \\ \hline \end{array}$$

Use <, > or = to complete Questions 8 to 10.

- 5340 5940
- 435 316
- 652 228

My score:

10

My time:

.....
minutes

.....
seconds

Minute 62

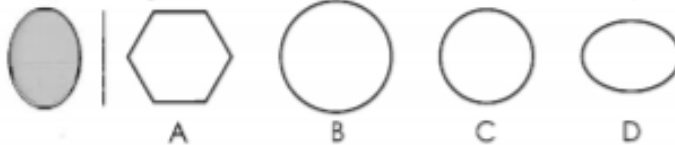

Name: Date:

- $6 \div 6 = \dots\dots\dots$
- Continue the pattern. 21, 28, 35, 42,

3.
$$\begin{array}{r} 2145 \\ \times \quad 3 \\ \hline \end{array}$$

4. Circle the figure that is **congruent** to the shaded figure.

In Questions 5 and 6, which unit would you choose to measure each? Circle the answer.

5. height of an adult mm cm m km

6. length of a river mm cm m km

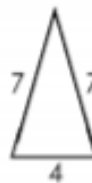

7. $65 - 53 = \dots\dots\dots$

For Questions 8 to 10, circle the name of the triangle.

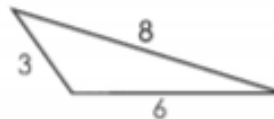

8. equilateral isosceles scalene

9. equilateral isosceles scalene

10. equilateral isosceles scalene

My score:

10

My time:

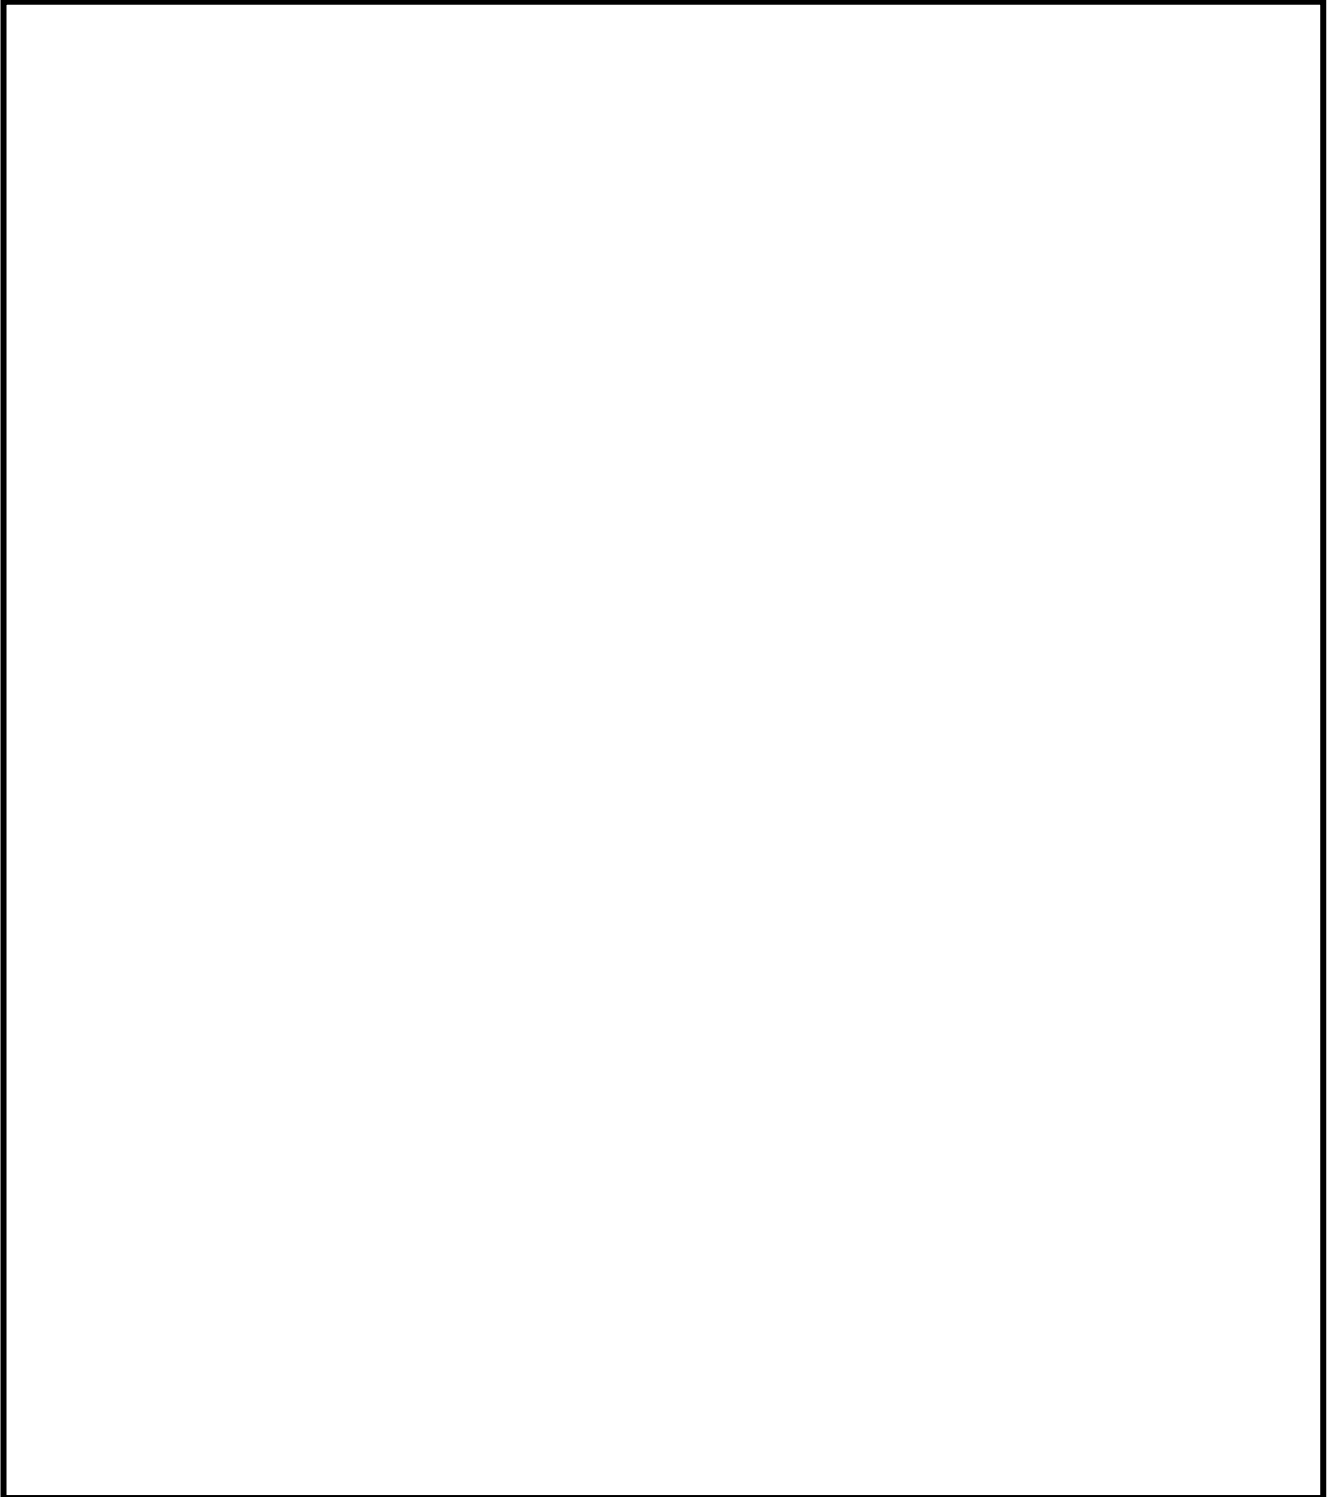

minutes

seconds

Wednesday: Writing

Finish your information report from yesterday. Draw a detailed, labelled picture of your chosen reptile below.

Picture or Photo of your chosen subject.

3 Digits Addition Worksheet

Name: Date:

Work out each sum:

a) $\begin{array}{r} 271 \\ +524 \\ \hline \end{array}$	b) $\begin{array}{r} 421 \\ +643 \\ \hline \end{array}$
c) $\begin{array}{r} 123 \\ +311 \\ \hline \end{array}$	d) $\begin{array}{r} 777 \\ +425 \\ \hline \end{array}$
e) $\begin{array}{r} 221 \\ +424 \\ \hline \end{array}$	f) $\begin{array}{r} 622 \\ +275 \\ \hline \end{array}$
g) $\begin{array}{r} 990 \\ +122 \\ \hline \end{array}$	h) $\begin{array}{r} 999 \\ +534 \\ \hline \end{array}$

$375 + 511 =$	$176 + 434 =$
$810 + 523 =$	$108 + 215 =$
$331 + 723 =$	$766 + 471 =$
$190 + 482 =$	$109 + 213 =$
$256 + 627 =$	

a) $\begin{array}{r} \square 72 \\ +621 \\ \hline 9\square 3 \end{array}$	b) $\begin{array}{r} 45\square \\ +122 \\ \hline 5\square 3 \end{array}$

g) $\begin{array}{r} 43\square \\ +192 \\ \hline \square 27 \end{array}$	h) $\begin{array}{r} 669 \\ +333 \\ \hline 1\square 2 \end{array}$

a) I have a sack of 345 potatoes and another bag with 212. How many potatoes do I have altogether? _____

b) I have a box of 352 pencils and my brother has a box of 278. How many pencils do we have altogether? _____

Wednesday: Maths – Addition Problems

Answer the following questions

Minute 63

Name: Date:

1.
$$\begin{array}{r} 39 \\ 42 \\ +71 \\ \hline \end{array}$$

2. Write the missing numbers in the pattern. 4, 8,, 16, 20, 24,, 32

3. Isaac wants to buy 7 books at a garage sale. They are 10c each.

How much money does he need to buy the books?

4. $35 \div 7 = \dots\dots\dots$

5.
$$\begin{array}{r} 14 \\ \times 2 \\ \hline \end{array}$$

6. What time does the clock show?

7.
$$\begin{array}{r} \square \\ 8 \overline{)32} \end{array}$$

Use the bar graph to complete Questions 8 to 10.

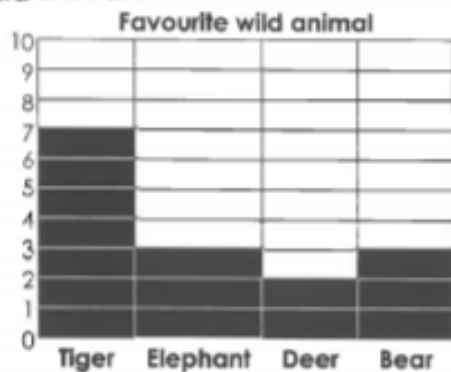

8. How many people voted on a favourite wild animal?

..... people

9. How many more people chose the tiger than the deer as a favourite animal?

..... more people

10. Which two animals were equally popular?

My score:

10

My time:

..... minutes

..... seconds

Minute 63

Name: Date:

1. John has 4 packets of batteries. There are 10 batteries in each packet.
How many batteries does he have altogether? batteries

2.
$$\begin{array}{r} 234 \\ \times 2 \\ \hline \end{array}$$

.....

3. The **volume** of the shape is cubic millimetres.
(length x width x height = volume)

4. Jason bought a movie ticket for \$5.50 and popcorn for \$3.35.
How much did he spend? \$.....

5.
$$8 \overline{)168}$$

6. An equilateral triangle has only two congruent sides.
Circle: **True** or **False**

7. The expanded form of 56 492 is + + + +

Write <, > or = to complete Questions 8 to 10.

8. 5645 4655

9. 498 489

10. 546 645

Blank lined paper template with 25 horizontal lines for writing.

Thursday: Maths – Multiplication

Read the instructions and answer the Times Table questions.

Written methods – contracted multiplication

	H	T	U
		5	4
x			3
	1	6	2

Start with the units. $4 \times 3 = 12$ units.

Rename this as 1 ten and 2 units. Put the 2 in the units column and regroup the 1 to the tens column.

3×5 plus the regrouped 1 is 16 tens.

Rename this as 1 hundred and 6 tens.

1 Practise these problems:

a

	H	T	U
			4 2
x			9

b

	H	T	U
			3 8
x			7

c

	H	T	U
			2 5
x			4

d

	H	T	U
			2 6
x			4

e

	H	T	U
			5 5
x			8

f

	H	T	U
			6 2
x			7

2 Use contracted multiplication to solve these word problems:

a On a farm, 6 lambs were born every day over 25 days. How many lambs were born in total?

	H	T	U
x			

b For my school fete day, I baked 9 trays of cupcakes. If there are 14 cupcakes on each tray, how many did I bake in total?

	H	T	U
x			

Minute 64

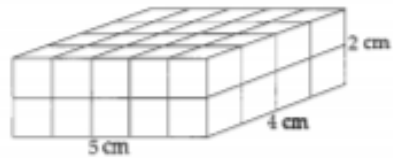

Name: Date:

1. Chris buys a hamburger for \$3.50. He pays with a \$5.00 note.
How much change will he receive?

2.
$$\begin{array}{r} 742 \\ - 406 \\ \hline \end{array}$$

3.
$$\begin{array}{r} 32 \\ 7 \\ + 11 \\ \hline \end{array}$$

4. What is the volume of this shape?
5 cm x 4 cm x 2 cm = cubic centimetres

5.
$$\begin{array}{r} \square \\ 5 \overline{) 39} \end{array}$$
 r

6. $64 \div 8 = \dots\dots\dots$

7.
$$\begin{array}{r} 33 \\ \times 3 \\ \hline \end{array}$$

For Questions 8 to 10, round the number to the nearest hundred. Circle the answer.

8. 250 rounds to: 200 300.

9. 536 rounds to: 500 600.

10. 263 rounds to: 200 300.

My score:

10

My time:

.....
minutes

.....
seconds

Minute 64

Name: Date:

1. $5 \overline{)70}$

2. There are 81 butterflies altogether. There are only 9 types of butterflies. If there are an equal number of each type of butterfly, how many butterflies are there of each type?

..... butterflies

3.
$$\begin{array}{r} 216 \\ \times 5 \\ \hline \end{array}$$

4. Kyra has a box of 42 chocolates. If $\frac{1}{6}$ of the box are caramels, how many caramels are in the box?

..... caramels

5. A right-angled triangle has only one right angle.

Circle: True or False

6. $\frac{1}{4} + \frac{2}{4} =$

7. Lines that never cross are called **parallel**.

Circle: True or False

8. $2.5 + 5.4 =$

For Questions 9 and 10, write the value of the bold digit.

9. $8.**5**4 =$

10. $8.**5**4 =$

My score:

10

My time:

..... minutes

..... seconds

Friday: Grammar

Read the instructions and complete the activities.

WORK SHEET 31

Verbs - Contractions

Many negative verbs are written as contractions, for example: *did not = didn't*
is not = isn't *have not = haven't*.

The helping verb and *not* contract into one word. An apostrophe replaces the 'o' in *not*.

1 Underline the contractions. Write the words they replace in the brackets.

- a* She said she wouldn't come with me. (would not)
- b* The car hadn't been washed for weeks. (_____)
- c* Why didn't you shut the door? (_____)
- d* There weren't any chairs to sit on. (_____)
- e* It isn't raining yet. (_____)

2 Match and colour the contractions with the words they replace. Use different colours for each contraction.

<i>a</i> doesn't	had not	<i>e</i> didn't	would not	<i>i</i> haven't	do not
<i>b</i> won't	were not	<i>f</i> wouldn't	was not	<i>j</i> aren't	have not
<i>c</i> hadn't	does not	<i>g</i> can't	cannot	<i>k</i> don't	could not
<i>d</i> weren't	will not	<i>h</i> wasn't	did not	<i>l</i> couldn't	are not

3 Rewrite these sentences in negative form using contractions.

- a* The dogs can hunt foxes. _____
- b* We will be going to the Easter Show. _____
- c* Have you seen that movie? _____
- d* The lawn has been mowed. _____

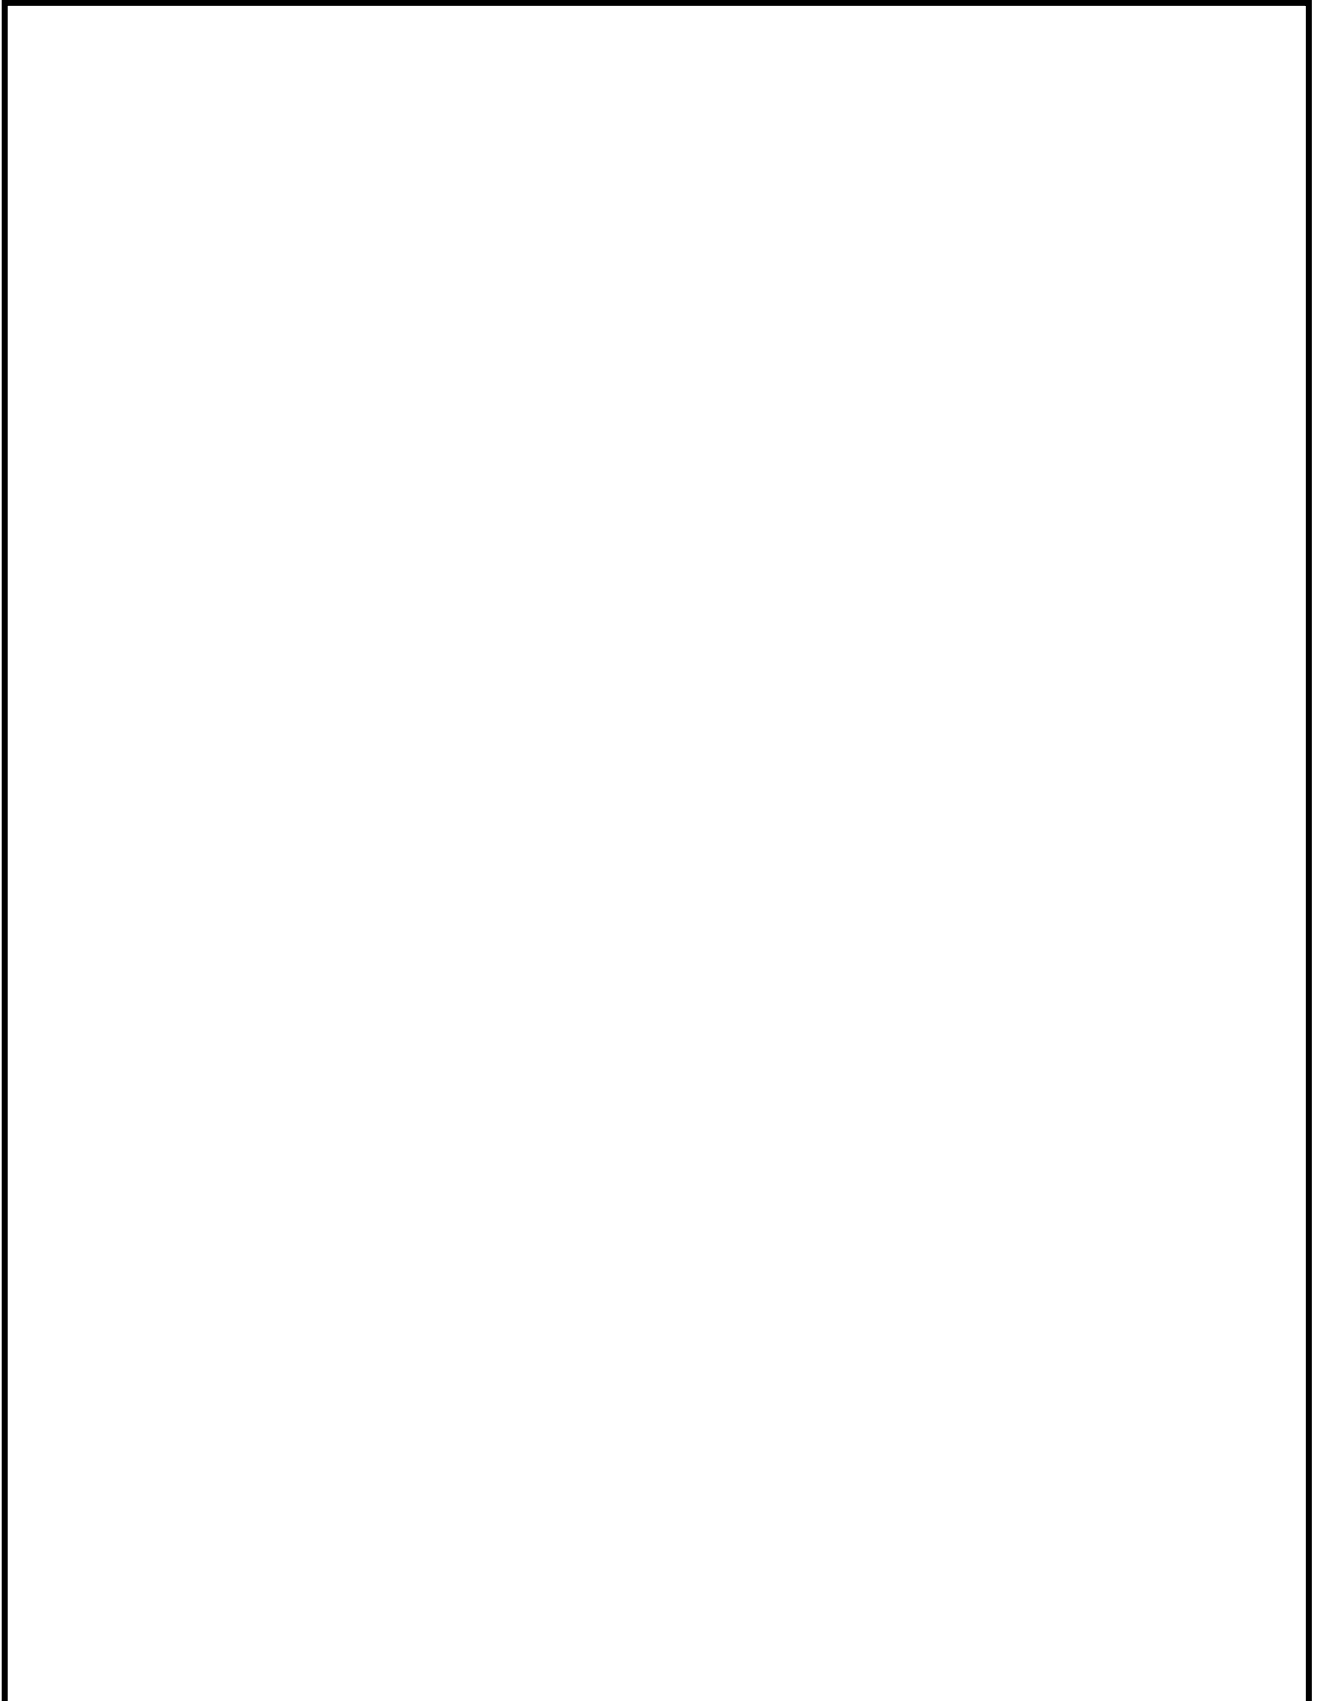

4 Complete the sentences.

- a* The sheep aren't _____
- b* Won't you come _____
- c* I just couldn't _____

Name _____ Date _____

Friday: Writing

Design a poster on your chosen reptile using your information report.

Friday: Maths – Multiplication

Complete the following problems

Multiplication facts – 3 and 6 times tables

Here are the 3 times and 6 times tables together. Can you think of why it's better to learn these facts together?

1 Use the picture of the dice above to complete both the 3 times table and the 6 times table:

$$\begin{array}{l} 1 \times 3 = \square \\ 2 \times 3 = \square \\ 3 \times 3 = \square \\ 4 \times 3 = \square \\ 5 \times 3 = \square \\ 6 \times 3 = \square \\ 7 \times 3 = \square \\ 8 \times 3 = \square \\ 9 \times 3 = \square \\ 10 \times 3 = \square \end{array}$$

$$\begin{array}{l} 1 \times 6 = \square \\ 2 \times 6 = \square \\ 3 \times 6 = \square \\ 4 \times 6 = \square \\ 5 \times 6 = \square \\ 6 \times 6 = \square \\ 7 \times 6 = \square \\ 8 \times 6 = \square \\ 9 \times 6 = \square \\ 10 \times 6 = \square \end{array}$$

2 Now try these mixed up:

$$\begin{array}{l} \text{a } 3 \times 6 = \square \\ \text{b } 4 \times 3 = \square \\ \text{c } 8 \times 3 = \square \\ \text{d } 9 \times 6 = \square \\ \text{e } 4 \times 6 = \square \\ \text{f } 5 \times 3 = \square \\ \text{g } 8 \times 6 = \square \\ \text{h } 9 \times 3 = \square \\ \text{i } 5 \times 6 = \square \end{array}$$

3 Fill in the missing digits to make these times table facts complete:

$$\text{a } 3 \times 3 = \square$$

$$\text{b } \square \times 2 = 6$$

$$\text{c } \square \times 3 = 18$$

$$\text{d } 6 \times \square = 36$$

$$\text{e } 3 \times \square = 24$$

$$\text{f } \square \times 6 = 60$$

$$\text{g } \square \times 9 = 27$$

$$\text{h } 6 \times \square = 42$$

$$\text{i } 9 \times \square = 54$$

$$\text{j } 5 \times \square = 30$$

$$\text{k } \square \times 6 = 48$$

$$\text{l } 7 \times \square = 21$$

Friday: Maths – Word Problems

Solve the problems below. Read the problem carefully and work out the answer. Show your working if you can.

7. Neil decided to train for cross-country. On the first day of training he ran 3.2 km. On the second day he ran 5.4 km. On the 3rd and 4th day he ran a total of 8.9 km. If he ran 22 km in total after five days of training, how far did he run on the fifth day?

10. How many sandwiches were sold in total? 15 chicken were sold. Vegetarian sold 8 less than chicken. Beef was the most popular sandwich and sold 14 more than vegetarian.

8. There were 93 people on the high-speed train. 23 got off at the first station and 48 got off at the third station. If there are 5 people left on the train at the fourth station, how many got off at the second station?

11. A total of 96 239 fans attended the grand final of the World Cup. If 36 829 supported Germany and 48 293 supported Argentina, how many neutral supporters were in the stadium?

9. A shop buys skateboards for \$83 and sells them for \$159.95. If they have a sale and sell them for \$20 less, what is the profit on each skateboard sold?

12. Susan loves sushi! She ordered a plate with 4 chicken and avocado rolls, 6 California rolls and 3 prawn rolls. Her second plate had two less of each. How many sushi rolls did she have in total?

Minute 65

Name: Date:

1. Circle the name of the solid shape.

sphere cone cylinder pyramid

2.
$$\begin{array}{r} \square \\ 4 \overline{)28} \end{array}$$

3. What is the area of this shape? square centimetres

length x width = area

For Questions 4 and 5, write the number.

4. $4000 + 300 + 6 = \dots\dots\dots$

5. $9000 + 500 + 20 + 2 = \dots\dots\dots$

For Questions 6 and 7, circle the best answer for each.

A 5 dollar note weighs about 1 gram.
A thick book weighs about 1 kilogram.

6. A bicycle weighs about: 12 g 120 g 12 kg.

7. A 10 cent piece weighs about: 3 g 300 g 3 kg.

8. How long is line \overline{AB} ? cm

9. Circle the correct answer. $\frac{6}{10} = 0.6$ or 0.06 ?

10. What type of triangle is this?

scalene isosceles equilateral

My score:

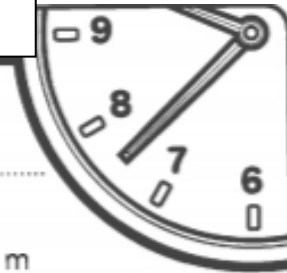

10

My time:

..... minutes

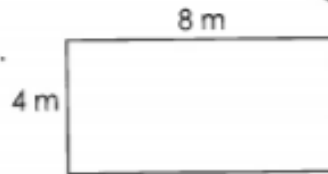

..... seconds

Minute 65

Name: Date:

1. The **area** of the shape is square metres.

2. There are 30 students and 6 of them wear sandals.

What fraction of the students wear sandals?

3. Lines that cross are called **intersecting**.

Circle: **True** or **False**

4. There are 15 collector cards in a packet, and each card is \$0.15. If Ed wants to buy the whole packet, how much money does he need?

\$

5.
$$\begin{array}{r} 94\ 685 \\ + 4\ 058 \\ \hline \end{array}$$

6. $29 \div 7 = \dots\dots\dots r \dots\dots\dots$

7. $105 - 7 = \dots\dots\dots$

For Questions 8 to 10, write the equivalent fraction.

8. $\frac{1}{3} = \frac{2}{6} = \frac{\square}{12}$

9. $\frac{1}{4} = \frac{2}{8} = \frac{\square}{16}$

10. $\frac{1}{2} = \frac{2}{4} = \frac{\square}{12}$

My score: 10

My time: minutes seconds

Journal

Write a paragraph for each journal entry.

Monday: Weekend Recount

Tuesday: If you could go anywhere in the world,
where would you go and why?

Wednesday: Write out the procedure from a recipe you like to cook/make.

Thursday: Free Choice!

Art: Draw a reptile.

Results: (What happened and why)

Science Experiment

Apple Browning Experiment

We first talked about why apple brown and discussed the comparison with rusting (oxidation). It is a chemical reaction with the oxygen and an enzyme in the apples. This helped the kids understand why it happened.

HOW TO DO THE APPLE EXPERIMENT:

I already knew the answer to this apple science experiment, but I didn't want to let my kids know about it. I let them choose various substances from the kitchen to soak the apples in. I did make a suggestion of lemon juice, but let them choose the other things.

The kids chose vinegar, milk and baking soda. Just to give them a comparison, I left one with nothing on it (the control). We sliced the apples and put the slices into each substance to soak. We left them soaking for about an hour.

They were excited to see which one worked and which ones didn't. Their guesses were not correct...

HOW TO KEEP APPLES FROM TURNING BROWN

I then explained to them that lemon juice helps keep the apple from browning, because it is full of ascorbic acid (Vitamin C) and it has a low pH level. Ascorbic acid works because oxygen will react with it before it will react with the enzymes in the apple. Once the ascorbic acid gets used up, the oxygen will start reacting with the enzymes in the apple and browning will occur.

Physical Activity

Complete the following challenge and record your results.

Kid - Friendly YOGA

for a Healthier Generation

Mountain Pose

Chair Pose

Crescent Moon Pose

Tree Pose

Child's Pose

Downward Facing Dog Pose

Happy Baby Pose

Butterfly Pose

Rag Doll Pose

Corpse Pose

Stretch and balance

- Choose a song that makes you feel calm and relaxed. Or you can use relaxation music on youtube.
- Copy the poses on the poster, hold each pose at least 20 seconds each.
- When you have completed every pose on the poster, repeat each pose so that you have done the whole thing twice.

Did you find any of the poses tricky?
